

Alex Chen

alex@email.com

EDUCATION

Master of Science in Computer Science

SKILLS

Python

TensorFlow

PyTorch

Scikit-learn

Pandas

NumPy

Machine Learning

Deep Learning

Docker

Git

PROJECTS

Image Classification System

- Developed CNN models using TensorFlow
- Achieved 94% classification accuracy

Fraud Detection System

- Built Random Forest and XGBoost models
- Reduced false positives by 15%

EXPERIENCE

ML Intern

- Trained machine learning models
- Performed feature engineering
- Deployed models using Docker
